

GRADE 2 SUMMER READING AND MATH

Please have your child read at least 10 minutes 4 days a week. I want your child to read a book and complete the attached form. The book should be on their reading level. It needs to be a new book they haven't read. They also need to complete 15 minutes on Grade 1 Language Arts section of IXL.

In math, your child needs to complete a 30 minutes on Grade 1 Math IXL.com. Their usernames and passwords are the same that was used for their homework in 1st grade. I recommend your child working on skills they found difficult and especially addition and subtraction. One of the 2nd grade goals is for the students to memorize the addition and subtraction facts up to 18. Only work on the 1st grade skills.

The IXL assignments and book report form are due the 1st day of school. You don't need to turn in anything for the IXL work. I can check online to see what your child completed.

Have a fantastic summer! I'm excited about working with you next year!

Mrs. Connie Brzezniak
